WHAT IS AN ICE BREAKER ACTIVITY?

The "Guess the Occupations" activity

- By guessing different occupations, participants not only break the initial hesitation but also learn about diverse career paths, promoting a broader perspective.
- Additionally, this activity subtly instills the importance of empathy and understanding different professions, encouraging a respectful environment where every occupation is valued.
- Through this activity, we aim to create a vibrant and interactive learning atmosphere, ensuring that participants are not only informed but also inspired by the multitude of career choices available to them.

(Kindly ask the students to identify the Occupations)
